This Convention shall apply to persons who are residents of one or both of the Contracting States.

**Article 2**

**Taxes covered**

1. This Convention shall apply to taxes on income, on capital and on capital gains imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income, on capital and on capital gains all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

### Article 4

#### Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income or capital gains from sources in that State, or capital situated therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
- b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
- c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

## Article 5

### Permanent establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop, and
- f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. The term "permanent establishment" likewise encompasses a building site, a construction, assembly or installation project, but only where such site or project continues for a period of more than nine months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character for the enterprise;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## Article 6

### Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## **Article 7**

### **Business profits**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses, which are commercially justified, incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **Article 8**

### **Shipping and air transport**

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Profits mentioned in paragraph 1 shall include profits derived by the enterprise from the use, maintenance or rental of containers used for the transport of goods or merchandise in international traffic, where such use, maintenance or rental as the case may be, is incidental to the operation of ships or aircraft in international traffic.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

## **Article 9**

### **Associated enterprises**

1. Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where profits on which an enterprise of a Contracting State has been charged to tax in that State are also included in the profits of an enterprise of the other Contracting State and taxed accordingly, and the profits so included are profits which would have accrued to that enterprise of the other State, if the conditions made between the enterprises had been those which would have been made between independent enterprises, then the competent authorities of the Contracting States may consult together with a view to reaching an agreement on the adjustments of profits in both Contracting States.

3. A Contracting State shall not adjust the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, not exceeding five years from the end of the year in which the profits which would be subject to such adjustment would have accrued to an enterprise of that State. This paragraph shall not apply in the case of fraud or wilful default.

## Article 10

### Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
- b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## Article 11

### Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other State to the extent that such interest is paid

- a) in connection with the sale on credit of any industrial, commercial or scientific equipment;
- b) in connection with the sale on credit of any merchandise by one enterprise to another enterprise; or
- c) on any loan of whatever kind granted by a bank.

4. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the other Contracting State or any institution acting on behalf of that State, or to a resident of that State, with respect to loans made, guaranteed or insured, or credits extended, guaranteed or insured by that State or any institution acting on behalf of that State, shall be taxable only in that State.

5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

6. The provisions of paragraphs 1, 2, 3 and 4 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 12**

### **Royalties and services fees**

1. Royalties or services fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However such royalties or services fees may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties or services fees is a resident of the other Contracting State, the tax so charged shall not exceed 8 per cent of the gross amount of the royalties or services fees. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use information concerning industrial, commercial or scientific experience.

4. The term "services fees" as used in this Article means payments of any kind to any individual, other than to an employee of the person making the payments, in consideration for any services of a managerial, technical or consultancy nature, rendered in a Contracting State. However the term "services fees" shall not include any payments in consideration for supervisory activities in connection with installation incidental to the sale of machinery or parts thereof and remuneration falling under paragraph 1a) or 1b) of Article 14.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties or services fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or services fees arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid or the obligation in respect of which the services fees are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties and services fees shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties or service fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties or

services fees was incurred, and such royalties or services fees are borne by such permanent establishment or fixed base, then such royalties or services fees shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or service fees, having regard to the use, right or information or service for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last 16 mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 13**

This paragraph shall not apply if it is established that neither the entertainer or the sportsman himself, nor persons related to him, participate directly in the profits of such person.

1. In the case of Ghana, double taxation shall be eliminated as follows:

- a) Swiss tax payable under the laws of Switzerland and in accordance with the provisions of the Convention, whether directly (by assessment) or by deduction (withholding), on profits, income or chargeable gains from sources within Switzerland (excluding in the case of dividends, tax payable in respect of the profits out of which the dividends are paid) shall be allowed as a credit against any Ghana tax computed by reference to the same profits, income or chargeable gains by reference to which Swiss tax is computed;

- b) In the case of dividends paid by a company which is a resident of Switzerland to a company which is resident in Ghana and which controls directly at least 10 per cent of the capital of the company paying the dividends, the credit shall take into account (in addition to any Swiss tax for which credit may be allowed under the provisions of subparagraph a) the Swiss tax payable by the company in respect of the profits out of which such dividends are paid;
- c) In any case the amount of tax credit to be granted under this paragraph shall not exceed the proportion of the Ghana tax which such profits, income or chargeable gains bear to the entire profits, income or chargeable gains as the case may be chargeable to Ghana tax.

2. In the case of Switzerland, double taxation shall be avoided as follows:

- a) Where a resident of Switzerland derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Ghana, Switzerland shall, subject to the provisions of subparagraph b), exempt such income or capital from tax but may, in calculating tax on the remaining income or capital of that resident, apply the rate of tax which would have been applicable if the exempted income or capital had not been so exempted. However, such exemption shall apply to gains referred to in paragraph 4 of Article 13 only if actual taxation of such gains in Ghana is demonstrated.
- b) Where a resident of Switzerland derives dividends, interest, royalties or services fees which, in accordance with the provisions of Article 10, 11 or 12, may be taxed in Ghana, Switzerland shall allow, upon request, a relief to such resident. The relief may consist of:
  - (i) a deduction from the tax on the income of that resident of an amount equal to the tax levied in Ghana in accordance with the provisions of Articles 10, 11 and 12; such deduction shall not, however, exceed that part of the Swiss tax, as computed before the deduction is given, which is appropriate to the income which may be taxed in Ghana; or
  - (ii) a lump sum reduction of the Swiss tax; or
  - (iii) a partial exemption of such dividends, interest, royalties or services fees from Swiss tax, in any case consisting at least of the deduction of the tax levied in Ghana from the gross amount of the dividends, interest, royalties or services fees.

Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.

- c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Ghana shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

## Article 25

### Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article I, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of Article 9, paragraph 8 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties or services fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall apply to the taxes referred to in Article 2.

## Article 26

### Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 25, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

## Article 27

### Exchange of information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in paragraph 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
  - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
  - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
  - c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (ordre public).
4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

## Article 28

### Members of diplomatic missions and consular posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.
2. Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed, for the purposes of this Convention, to be a resident of the sending State if:

- a) in accordance with international law he is not liable to tax in the receiving Contracting State in respect of income or capital gains from sources outside that State or on capital situated outside that State and
  - b) he is liable in the sending State to the same obligations in relation to tax on his total income, on capital gains or on capital as are residents of that State.
3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income, on capital gains or on capital.

## **Article 29**

### **Entry into force**

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. The Convention shall enter into force on the date on which the later of those notifications has been received.
2. The provisions of the Convention shall have effect:
  - a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the year next following the year of the entry into force of the Convention;
  - b) in respect of other taxes for taxation years beginning on or after the first day of January of the year next following the year of the entry into force of the Convention.
3. The exchange of notes of 6th December, 1963 between Switzerland and Ghana concerning the taxation of shipping and air transport enterprises shall cease to have effect on the date on which the provisions of this Convention shall take effect.

## **Article 30**

### **Termination**

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year. In such event, the Convention shall cease to have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following that in which the notice was given;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

IN WITNESS WHEREOF the undersigned, duly authorized thereto, have signed this Convention.

## PROTOCOL

The Swiss Confederation

and

The Republic of Ghana

Have agreed at the signing in Accra, on the 23th day of July, 2008 of the Convention between the two States for the avoidance of double taxation with respect to taxes on income, on capital and on capital gains upon the following provisions which shall form an integral part of the said Convention.

### 1. ad Article 7

In respect of paragraphs 1 and 2 of Article 7, where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of that part of the total receipts which is attributable to the actual activity of the permanent establishment for such sales or business. In the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated.

The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the State of which the enterprise is a resident.

### 2. ad Article 7, paragraph 3

It is understood that in the determination of the profits of a permanent establishment expenses proven to be fictitious are not to be allowed.

### 3. ad Articles 7 and 12

It is understood that payments received as a consideration for the use of, or the right to use industrial, commercial or scientific equipment constitute business profits covered by Article 7.

### 4. ad Articles 18 and 19

It is understood that the terms "pensions" and "pension" as used in Articles 18 and 19, respectively, do not only cover periodic payments, but also include lump sum payments.

### 5. ad Article 27

- a) It is understood that an exchange of information will only be requested once the requesting Contracting State has exhausted all regular sources of information available under the internal taxation procedure.
- b) It is understood that the tax authorities of the requesting State shall provide the following information to the tax authorities of the requested State when making a request for information under Article 27:
  - (i) the identity of the person under examination or investigation;
  - (ii) the period of time for which the information is requested;
  - (iii) a statement of the information sought including its nature and the form in which the requesting State wishes to receive the information from the requested State;
  - (iv) the tax purpose for which the information is sought;
  - (v) to the extent known, the name and address of any person believed to be in possession of the requested information.
- c) It is understood that the reference to "foreseeable relevance" is intended to provide for exchange of information in tax matters to the widest possible extent and, at the same time, to clarify that the Contracting States are not at liberty to engage in "fishing expeditions" or to request information that is unlikely to be relevant to the tax affairs of a given taxpayer. While subparagraph b) contains important procedural requirements that are intended to ensure that fishing expeditions do not occur, clauses (i) through (v) of subparagraph b) nevertheless are not to be interpreted in a way to frustrate effective exchange of information.
- d) It is understood that Article 27 does not require the Contracting States to exchange information on an automatic or a spontaneous basis.
- e) It is understood that in case of an exchange of information, the administrative procedural rules regarding taxpayers' rights provided for in the requested Contracting State remain applicable. It is further understood that these provisions aim at guaranteeing the taxpayer a fair procedure and not at preventing or unduly delaying the exchange of information process.

### Article 4

#### Resident

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income or capital gains from sources in that State, or capital situated therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
- b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
- c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

## Article 5

### Permanent establishment

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop, and
- f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. The term "permanent establishment" likewise encompasses a building site, a construction, assembly or installation project, but only where such site or project continues for a period of more than nine months.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character for the enterprise;
- f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## Article 6

### Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## **Article 7**

### **Business profits**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses, which are commercially justified, incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **Article 8**

### **Shipping and air transport**

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Profits mentioned in paragraph 1 shall include profits derived by the enterprise from the use, maintenance or rental of containers used for the transport of goods or merchandise in international traffic, where such use, maintenance or rental as the case may be, is incidental to the operation of ships or aircraft in international traffic.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

## **Article 9**

### **Associated enterprises**

1. Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where profits on which an enterprise of a Contracting State has been charged to tax in that State are also included in the profits of an enterprise of the other Contracting State and taxed accordingly, and the profits so included are profits which would have accrued to that enterprise of the other State, if the conditions made between the enterprises had been those which would have been made between independent enterprises, then the competent authorities of the Contracting States may consult together with a view to reaching an agreement on the adjustments of profits in both Contracting States.

3. A Contracting State shall not adjust the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, not exceeding five years from the end of the year in which the profits which would be subject to such adjustment would have accrued to an enterprise of that State. This paragraph shall not apply in the case of fraud or wilful default.

## Article 10

### Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
- b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## Article 11

### Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other State to the extent that such interest is paid

- a) in connection with the sale on credit of any industrial, commercial or scientific equipment;
- b) in connection with the sale on credit of any merchandise by one enterprise to another enterprise; or
- c) on any loan of whatever kind granted by a bank.

4. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the other Contracting State or any institution acting on behalf of that State, or to a resident of that State, with respect to loans made, guaranteed or insured, or credits extended, guaranteed or insured by that State or any institution acting on behalf of that State, shall be taxable only in that State.

5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

6. The provisions of paragraphs 1, 2, 3 and 4 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 12**

### **Royalties and services fees**

1. Royalties or services fees arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However such royalties or services fees may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties or services fees is a resident of the other Contracting State, the tax so charged shall not exceed 8 per cent of the gross amount of the royalties or services fees. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use information concerning industrial, commercial or scientific experience.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties or services fees, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties or services fees arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid or the obligation in respect of which the services fees are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties and services fees shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties or service fees, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties or

services fees was incurred, and such royalties or services fees are borne by such permanent establishment or fixed base, then such royalties or services fees shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties or service fees, having regard to the use, right or information or service for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last 16 mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

- a) Swiss tax payable under the laws of Switzerland and in accordance with the provisions of the Convention, whether directly (by assessment) or by deduction (withholding), on profits, income or chargeable gains from sources within Switzerland (excluding in the case of dividends, tax payable in respect of the profits out of which the dividends are paid) shall be allowed as a credit against any Ghana tax computed by reference to the same profits, income or chargeable gains by reference to which Swiss tax is computed;

- b) In the case of dividends paid by a company which is a resident of Switzerland to a company which is resident in Ghana and which controls directly at least 10 per cent of the capital of the company paying the dividends, the credit shall take into account (in addition to any Swiss tax for which credit may be allowed under the provisions of subparagraph a) the Swiss tax payable by the company in respect of the profits out of which such dividends are paid;
- c) In any case the amount of tax credit to be granted under this paragraph shall not exceed the proportion of the Ghana tax which such profits, income or chargeable gains bear to the entire profits, income or chargeable gains as the case may be chargeable to Ghana tax.

2. In the case of Switzerland, double taxation shall be avoided as follows:

- a) Where a resident of Switzerland derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Ghana, Switzerland shall, subject to the provisions of subparagraph b), exempt such income or capital from tax but may, in calculating tax on the remaining income or capital of that resident, apply the rate of tax which would have been applicable if the exempted income or capital had not been so exempted.   - (iii) a partial exemption of such dividends, interest, royalties or services fees from Swiss tax, in any case consisting at least of the deduction of the tax levied in Ghana from the gross amount of the dividends, interest, royalties or services fees.

Switzerland shall determine the applicable relief and regulate the procedure in accordance with the Swiss provisions relating to the carrying out of international conventions of the Swiss Confederation for the avoidance of double taxation.

- c) A company which is a resident of Switzerland and which derives dividends from a company which is a resident of Ghana shall be entitled, for the purposes of Swiss tax with respect to such dividends, to the same relief which would be granted to the company if the company paying the dividends were a resident of Switzerland.

## Article 25

### Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article I, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of Article 9, paragraph 8 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties or services fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall apply to the taxes referred to in Article 2.

## Article 26

### Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 25, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

## Article 27

1. The competent authorities of the Contracting States shall exchange such information (being information which is at their disposal under their respective taxation laws in the normal course of administration) as is necessary for carrying out the provisions of this Convention in relation to the taxes which are the subject of the Convention. Any information so exchanged shall be treated as secret and shall not be disclosed to any persons other than those concerned with the assessment and collection of the taxes which are the subject of the Convention. No information as aforesaid shall be exchanged which would disclose any trade, business, banking, industrial or professional secret or trade process.
2. In no case shall the provisions of this Article be construed as imposing upon either Contracting State the obligation to carry out administrative measures at variance with the regulations and practice of either Contracting State or which would be contrary to its sovereignty, security or public policy (ordre public) or to supply particulars which are not procurable under its own laws or those of the State making the application.

## Article 28

### Members of diplomatic missions and consular posts

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.
2. Notwithstanding the provisions of Article 4, an individual who is a member of a diplomatic mission, consular post or permanent mission of a Contracting State which is situated in the other Contracting State or in a third State shall be deemed, for the purposes of this Convention, to be a resident of the sending State if:
  - a) in accordance with international law he is not liable to tax in the receiving Contracting State in respect of income or capital gains from sources outside that State or on capital situated outside that State and
  - b) he is liable in the sending State to the same obligations in relation to tax on his total income, on capital gains or on capital as are residents of that State.
3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent mission of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income, on capital gains or on capital.

## Article 29

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year. In such event, the Convention shall cease to have effect:

- a) in respect of taxes withheld at source on amounts paid or credited on or after the first day of January of the calendar year next following that in which the notice was given;
- b) in respect of other taxes for taxation years beginning on or after the first day of January of the calendar year next following that in which the notice was given.

In the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits of such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract which is effectively carried out by the permanent establishment in the State where the permanent establishment is situated.

THE SWISS CONFEDERATION AND  
THE REPUBLIC OF GHANA  
FOR THE AVOIDANCE OF DOUBLE TAXATION  
WITH RESPECT TO TAXES ON INCOME,  
ON CAPITAL AND ON CAPITAL GAINS AND ITS PROTOCOL**

**Preamble**

The Swiss Federal Council

and

The Government of the Republic of Ghana

Desiring to conclude a Protocol to amend the Convention of 23 July 2008 between the Swiss Confederation and the Republic of Ghana for the Avoidance of Double Taxation with respect to taxes on income, on capital and on capital gains (hereinafter referred to as "the Convention") and its Protocol (hereinafter referred to as "the Protocol"),

Have agreed as follows:

**ARTICLE I**

Article 27 (Exchange of information) of the Convention shall be replaced by the following Article:

**"Article 27**

**Exchange of information**

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to the taxes referred to in paragraph 1. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person."

## ARTICLE II

The following new paragraph 5 is inserted, after paragraph 4, into the Protocol:

### "5. ad Article 27

- a) It is understood that an exchange of information will only be requested once the requesting Contracting State has exhausted all regular sources of information available under the internal taxation procedure.
- b) It is understood that the tax authorities of the requesting State shall provide the following information to the tax authorities of the requested State when making a request for information under Article 27:
  - (i) the identity of the person under examination or investigation;
  - (ii) the period of time for which the information is requested;
  - (iii) a statement of the information sought including its nature and the form in which the requesting State wishes to receive the information from the requested State;
  - (iv) the tax purpose for which the information is sought;
  - (v) to the extent known, the name and address of any person believed to be in possession of the requested information.
- c) It is understood that the reference to "foreseeable relevance" is intended to provide for exchange of information in tax matters to the widest possible extent and, at the same time, to clarify that the Contracting States are not at liberty to engage in "fishing expeditions" or to request information that is unlikely to be relevant to the tax affairs of a given taxpayer. While subparagraph b) contains important procedural requirements that are intended to ensure that fishing expeditions do not occur, clauses (i) through (v) of subparagraph b) nevertheless are not to be interpreted in a way to frustrate effective exchange of information.
- d) It is understood that Article 27 does not require the Contracting States to exchange information on an automatic or a spontaneous basis.
- e) It is understood that in case of an exchange of information, the administrative procedural rules regarding taxpayers' rights provided for in the requested Contracting State remain applicable. It is further understood that these provisions aim at guaranteeing the taxpayer a fair procedure and not at preventing or unduly delaying the exchange of information process."

## ARTICLE III

1. Each Contracting State shall notify to the other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Protocol. The Protocol shall enter into force on the date on which the later of those notifications has been received.

2. The provisions of the Protocol shall be applicable to requests for exchange of information made on or after the date of entry into force of this Protocol to information that relates to fiscal years beginning on or after the first day of January of the year next following the entry into force of this Protocol.

In witness whereof the undersigned, duly authorized thereto, have signed this Protocol.

Done in duplicate at [Accra] this [22 May] day of [2014] in the French and English languages, all texts being equally authentic.
